1. The information disclosure statements filed 20 June 2005 and 25 July 2005 fail to comply with 37 CFR 1.97(d) because they lack a statement as specified in 37 CFR 1.97(e). They have been placed in the application file, but the information referred to therein has not been considered.

2. The information disclosure statements filed 20 June 2005 and 25 July 2005 fail to comply with 37 CFR 1.97(d) because they lack the fee set forth in 37 CFR 1.17(p). They have been placed in the application file, but the information referred to therein has not been considered.

3. The claims remain allowable over the prior art. None of the prior art teaches or suggests a method that includes irradiating a subject with three wavelengths of light, sensing the intensity of the radiation which has passed through a portion of the subject at all three wavelengths, representing each signal as a function of the coefficients set forth in the claim, and solving the functions to obtain a value of the saturation.

4. This application is in condition for allowance except for the following formal matters:

While the potential interference with USPN 5,645,060 remains relevant to prosecution of the instant application, Applicant is hereby advised that new rules (see 37 CFR § 41.202 - 41.208, effective 13 September 2004) govern interference proceedings.

Applicant's previous submissions including the Request for Interference filed 7 July 1998 are noted. Applicant is requested to review their previous submissions and provide any additional submissions they deem necessary to conform with the new rules

in response to this action [see in particular 37 CFR § 41.202 (a)(1)-(6) and 37 CFR § 41.202 (d)(1)-(2) and (e)(1)-(2)]. At a minimum, Applicant must indicate where the previous filings meet the new rules; however, if additional submissions are necessary to meet some requirements of the new rules, it is preferable for Applicant to submit all of the required information in a single filing.

Applicant's attention is drawn to 37 CFR § 41.202(d)(1)-(2) and 37 CFR § 41.204. Submissions provided after the interference has been forwarded to the board may not be considered timely.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
